Title: Kamloops Museum & Archives cartographical material and architectural and technical drawings collection

Dates of Creation: 1827-2011

Physical Description: ca. 850 maps, 200 architectural drawings, 7 technical drawings, and other material

Scope and Content:

Collection consists of the greater part of the maps, architectural and technical drawings acquired by the Kamloops Museum & Archives between the establishment of the Kamloops Museum Association, then called the Thompson Valley District Museum and Historical Association, and present. The collection includes early pre- and post- incorporation City of Kamloops maps; Robert Henry Lee's survey maps; reproductions of early maps of the Thompsons Valley; architectural drawings of buildings in the Tranquille area and other buildings in Kamloops; maps created by the City of Kamloops between 1960 and 1989, an aerial photograph of Kamloops; and other maps, architectural and technical drawings.

Custodial History:

Items were donated to the Kamloops Museum and Archives by various donors since the inception of the Kamloops Museum and Archives to the present. See individual item descriptions for details.
