Title: Kamloops Photo Arts Club fonds

Dates of Creation: 1985-2015

Physical Description: 1818 colour slides, 0.5 cm of textual records, 4 audio cassette tapes, and 1 DVD

Administrative History:

The **Kamloops Photo Arts Club** is a social group of photography enthusiasts in Kamloops, formed in 1980 as the **Kamloops Interior Camera Club**. The Club's first meeting was held in October 1982, and its purpose was to promote the appreciation of photography and encourage fellowship and support amongst camera, image, and processing hobbyists. The Club sponsors weekly photography programs and challenges to assist in technique development, competes nationally in photography competitions, and teaches a regular photography seminar through the City of Kamloops' Parks and Recreation program. In 2007 the Club became a registered non-profit society, and they are an active member of the Canadian Association for Photographic Art and the Kamloops Arts Council.

Scope and Content:

Fonds consists of materials created as part of the Kamloops Interior Camera Club's "Day in the Life of Kamloops" project. On a Saturday in August 1985 the Club sponsored a group of 35 photographers to take photographs of specific locations throughout Kamloops to document a day in the life of the city, resulting in an output of approximately 4500 slides. Of these images, a selection was curated by the Club, set to music, and presented as a 3-carousel slideshow. In 2014 Club member Greg Soloway was tasked with digitizing the slideshow, and in 2015 Club member Bill Briggs completed a digital re-imagining of the original slideshow.
